

Polycom® SoundStation2™

Features and Benefits

With the SoundStation2, Polycom sets the new standard for everyday business conferencing. With truly remarkable voice quality, a large graphical display, smart technology, such as Dynamic Noise reduction, and traditional telephone features, SoundStation2 improves the performance and increases the productivity of everyday conferencing.

Remarkable Voice Quality. The New Standard in Everyday Conferencing.

Polycom Acoustic Clarity technology	<ul style="list-style-type: none">• Allows natural, interactive two-way conversations (full duplex). Users don't have to wait for speakers on the far end to stop talking before breaking into a conversation
Remarkable Voice Quality	<ul style="list-style-type: none">• Users can speak in a normal voice up to ten feet away from the console• More productive calls – no need to repeat yourself• Three cardioid microphones provide 360-degree coverage so that everybody in the room can be heard clearly
Dynamic Noise Reduction (DNR)	<ul style="list-style-type: none">• Automatically reduces room background noise – from fans, projectors, heating and air conditioning – for clearer sound and more efficient conferencing
Intelligent microphone mixing	<ul style="list-style-type: none">• Automatically selects the microphone closest to the person speaking, eliminating extraneous background noises
Microphone expandability (EX version only)	<ul style="list-style-type: none">• Optional extension microphones increase coverage for larger size rooms
Backlit graphical display	<ul style="list-style-type: none">• Convenient, easy access to important call information – phone number, number called, duration/progress of call and Caller ID• Familiar, easy to use telephony features – phone book, conferencing, mute, and hold – eliminate user confusion and need for training
Auxiliary Input/Output Jacks	<ul style="list-style-type: none">• 2.5mm jack: Provides connection to other communication devices, such as a mobile phone, for hands-free conferencing• RCA jack: Allows connections to other peripherals, such as an audio recorder
Single-cord connection to phone console	<ul style="list-style-type: none">• Eliminates cable clutter on the tabletop
Easy to use and install	<ul style="list-style-type: none">• No training required, connects into any analog phone jack
